

Instrument calibration services

Star International's onboard calibration services are tailored to the needs of the maritime sector, minimising disruption to a vessel's schedule and enabling the majority of works to be completed on board ship.

Our team can service a comprehensive range of mechanical components and sensors at any UK port, seven days a week, with a turnkey solution that encompasses product supply, installation, servicing, repair, commissioning, certification and labelling.

Key areas of provision include:

Temperature control

- Digital thermometers
- Glass thermometers
- Humidity indicators
- Temperature calibrators
- Temperature gauges
- Temperature transmitters
- Thermocouple probes
- Thermohydrographs
- Thermohydrometers
- Ullage temperature interface / UTI meters

Gas detection, environmental and flow meters

- Breath alcohol screening devices
- Conductivity meters
- Fixed gas detectors
- Flowmeters
- Sound level meters
- Gas detectors
- Gas sampling systems
- Lux/light meters
- Moisture meters
- PH meters

Mechanical components

- Crimping tools
- Dial test indicators
- Feeler gauges
- Laser alignment
- Micrometres
- Plug gauges
- Protractors
- Ring gauges
- Rules
- Slip block sets
- Tachometers
- Torque multipliers
- Torque transducers
- Torque wrenches
- Ultrasonic thickness testers
- Vernier calipers
- Vibration tachometers

Pressure components

- Dead weight testers
- Differential gauges
- Digital pressure indicators
- Pressure calibrators
- Pressure gauges
- Pressure recorders
- Pressure relief gauges
- Pressure transmitters
- Process gauges
- Vacuum gauges

Calibration gases, canisters and accessories

Star International stocks a full range of calibration reference (span) gases, together with a wide variety of high-quality accessories including pressure regulators and flow metres. Our calibration gases are available in disposable storage canisters in sizes ranging from five to 58 litres, ensuring you have the option to purchase only the volumes you require and minimising wastage associated with limited shelf life products.

About Star International - Worldwide marine and offshore services

Star International is an established supplier to the maritime sectors, servicing a diverse client base that includes leading cruise and ferry operators, shipping companies, shipyards, commercial ports and military organisations.

Key areas of provision include; liferaft service and repair, marine chemicals, refrigeration, welding, marine safety, firefighting and ship-wide disinfection solutions.

Whatever your requirements, our global network of manufacturing and retail partners ensure that Star International can support your operations worldwide.
