Star Ultrasonic Multi-Cleaner

STAR ULTRASONIC MULTI-CLEANER

PRODUCT CODE: 00910025

Product Description

Star Ultrasonic Multi-Cleaner is a water-based alkaline low-toxic product with an exceptional solvency power on soil and oily matter. It is specially developed for ultrasonic cleaning applications. It is free from hydrocarbon solvents and biodegradable.

Applications

Star Ultrasonic Multi-Cleaner is a specially formulated, fast acting, concentrated heavy duty ultrasonic maintenance cleaner. The product is low foam. The product is recommended where any form of agitation is required to perform the cleaning operation. This product is water dilutable and will effectively and safely remove stubborn soil from hard surfaces. It is particularly effective when used in mechanically agitated tanks. However the product can be used in a multitude of applications to remove grease, dirt, oil and carbon. Suitable for cleaning engine components: fuel and lube filters, pump components, inlet and exhaust valves.

Directions for Use and Dose Rates

For mechanically agitated cleaning operations use 1 part Ultrasonic Multi-Cleaner to 30 parts clean water. For heavy soiling add an additional litre. Best results are achieved if the bath is heated to 60-80 Deg C. Allow sufficient dwell time depending on the nature and degree of soiling to be removed. Anything from 30 minutes to 4 or 5 hours may be necessary.

Precautions

Contact with the skin should be washed off with water. Wear suitable protective clothing (PVC gloves, boots and overalls) when using the above product. For detailed health and safety information please request a hazard data sheet.

Features, Benefits and Applications

- Water-based.
- Low-toxic.
- Biodegradable.
- Non-flammable.
- Free from hydrocarbon solvents.
- Specially developed for use with ultrasonic cleaning baths.
- Removes grease, oil, carbon deposits, soil and grime.
- Keeps loosened deposits in suspension preventing re-deposition.
- Effective and economical in use.

Read the Material Safety Data Sheet before using this product.
